

Open Enrollment for Talbot Tigers!

Building Resilience Awareness & Variations of Excellence

Trailblazers Program:

The Trailblazers program is designed to empower underrepresented youth to gain confidence that will support them with navigating institutionalized oppression. The Trailblazers' curriculum introduces youth to social justice awareness while giving them voice and an opportunity for self-exploration and personal development. Youth will learn self-advocacy skills while gaining a positive self-image. They will engage in personal development practices that will increase academic performance and accomplishing personal and academic goals. Trailblazers will have the opportunity to explore methods for liberation (strategies that relieve us from some of the harsh realities of systematic oppression) while cultivating leaders.

Talbot Tigers!!!
