Subject: Jason Reynolds HS Virtual Book Tour

Dear ELT:

For your awareness, please find the official flyer for the Jason Reynolds High School Virtual Tour on May 4th. This is for **HIGH SCHOOLS ONLY** and was sponsored by a gift from Amazon along with 600 copies of the book Stamped. Due to an overwhelming response, Library Services has also bought over 700+ copies of the book to ensure every high school student that wants a copy may have one to keep. Library Services has gone above and beyond! We will tie this in as a division-wide activity for No Place for Hate for high schools to earn their designation. No Place for Hate Coordinators have been provided a lesson plan and study guide to use with students.

This will be a Microsoft Live event during 3rd period. Jason Reynolds will talk for 30 minutes. After the 30-minute presentation, we have 15 minutes for students to ask questions. There is a QR code on the flyer, so students can ask questions ahead of time. We will have a moderator but depending on how many questions we receive before the event; we may not take any during.

More to come but keep this flyer in-house with ELT until we officially release it on Monday.
