You are welcome! 😊 Yes, please pay full amount, then send the reimbursement request (form) and documentation to me so I can enter an account number, sign, and send to Controller. Please send a copy of this email when you do that so I will remember what I promised. 😊

Hi! Dyan,
Thank you so much for your clear direction and help!
Yes, CJMS could pay half of it from IAF, and really appreciated half of it from central services.

How central services pay half the cost? Should CJMS paid first then get reimburse from central service?

Please advise!

Sincerely,

Hi, Maggie,

You cannot use instructional materials funding to pay a person or vendor for a service. I know that your school did not submit any funding request for the Achievement-focused ECA Program, so I would like to have central services help with some of the cost of this event. If we pay for half the cost, do you have available funding in your IAF account for the other half? Let me know. Thanks!

Subject: Virtual Speaker Event Regulation

Hi! Dyan,

I hope this email finds you in good health and nice spirits 😊!

CJMS is going to have a virtual speak from the author of very valuable book "Stamped" (This is CJMS's community reading since October, 2020.) to culminate with whole community reading at 04/03/2021.

Is there any MCPS regulation for this kind of event?

May we pay the cost by [REDACTED] account?

Please advise!

Thanks!

Best

Hi Ms. Tung –

Here is our signed contract for a Cabin John wide Author event to culminate our community reading of Stamped.

I have electronically signed the attached contract. There is a deposit of around 3500.

What else do we need to finalize this process?

Thanks –

John Taylor
