Unapologetically Black and Black Women

The Two Principles

1. **Unapologetically Black:**

There are lots of different kinds of people and one way that we're different is the color of our skin. It's important to make sure that all people are treated fairly. This is why we, and lots of other people all over the country and the world, are part of the Black Lives Matter Movement.

2. Black Women:

“There are some people who think that women are less important than men. We know that all people are important and have the right to be safe and talk about their own feelings.”

A Better Place

We need to learn some important words.

- Freedom
- Justice

Freedom

The right to act, speak, and think as you want without being afraid.

Justice

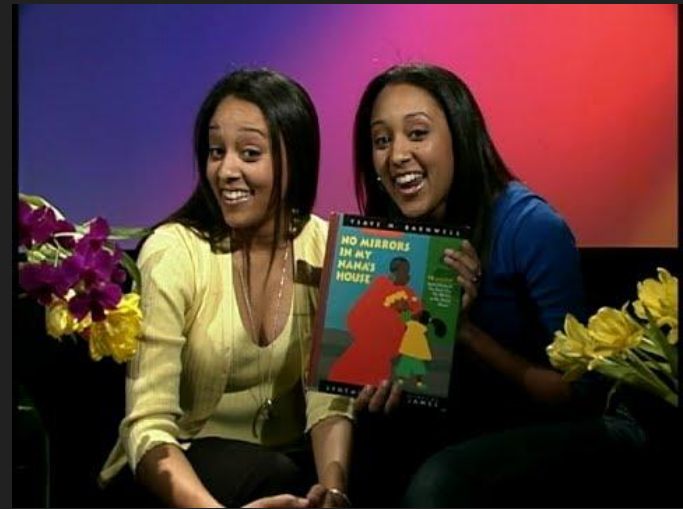

Fairness, peace,
and respect for
people.
