Recommended Action	Approve contract with the Center for Leadership, Equity and Research (CLEAR) for professional learning services for the 2020-21 school year.

BACKGROUND

On November 18, 2020, the MBUSD Board of Trustees established the Equity, Diversity, Social Justice and Inclusion Committee (EDSJI). The EDSJI will serve as an advisory committee to provide input to District leadership and to the Board of Trustees in support of the Board goal to promote a climate of care in MBUSD. The newly formed district committee will examine and inform policy and practices related to professional development, curriculum modifications, reporting processes, and disciplinary/restorative justice practices.

The Center for Leadership, Equity and Research (CLEAR) will conduct an equity audit and needs analysis which will include a review of existing data, surveys and interviews. The analysis will serve as a pivotal tool to inform the EDSJI committee members as they examine policies, practices and procedures that contribute to inequitable outcomes for students, teachers, staff, and parents.

The contract is effective February 8, 2021 and shall remain in effect through June 30, 2021.
