

Second Step Units & Lessons

Our students have been participating in Second Step lessons since the beginning of October.

For students in Grades K-5, the lessons focus on:

- Having a growth mindset
- Goal-setting skills
- Teaching empathy
- Problem-solving skills

For our middle school students, the focus is on

- Having a growth mindset
- Recognizing bullying and harassment
- Responsible decision-making
- Self-management

We would like to give our families the opportunity to view the lessons in each Second Step unit. However, we need to know how many families to expect to be prepared.
