Staff,

Our GSA club made a request to join a walk out scheduled for Friday in support of LGBTQ + rights. They feel it's necessary as many states, including KS, have current legislature up for a vote restricting rights of the LGBTQ+ community. We discussed the importance of showing support in a positive and peaceful manner. We agreed on calling it a support walk since walk out has a negative connotation. We will walk around our school track from 1:30-1:45pm on Friday. GSA members are making signs that will be turned in to counselors Friday morning. A member will also provide a little background prior to the walk starting so students know what they are supporting. The support walk is completely voluntary. Staff who do not wish to participate will just stay in their classrooms and continue with instruction. Staff who wish to join the walk but have students who do not, can send students to the commons with their chromebooks and supervision will be provided there.

I look at this as a way for me to support our students with civic engagement. I always want to help students advocate for themselves on topics they are passionate about in a positive and peaceful manner. I commend the GSA club for their willingness to collaborate and advocate in an appropriate way. If you have any questions let me know.
