Hi [REDACTED],

This looks great! I also wanted to give you the heads up that we made some small adjustments (I attached the updated PPT for your review) and it will be ready to go tomorrow.

For example, slide:

- 12: modified definition to align with how we define internally (i.e. a person who's sense of gender identity does not correspond with their sex assigned at birth).
- 31: We took out "girl" and added the more neutral AFAB in bullets 5 and 6
- 31 & 32: Spelled out AFAB and AMAB

Also -- our staff have received extensive training on ACE's and Trauma-Informed Care. We love that you include this and this also means you don't have to go too into detail when you approach slides 44-48.

Hope this is okay and we are looking forward to tomorrow!

Hi, all

Here are the slides.

I would like copies of the cases on the tables for groups. Otherwise I am set.

There are two videos if possible. Usually if wifi works you can duplicate the slide presentation and it will open the link but if not we can copy / paste into a new window (browser) should work. if no wifi ill skip the videos.

thanks.

see you Friday.

Hi, all

YES. Confirmed. and thank you so much. the cases look GREAT!

I had added cases to my slides so let me remove them and ill get you the slides by mid day tomorrow .

thanks

Hi [REDACTED]

I am confirming Friday's training for our 35 middle school social workers. Here is a quick rundown of the agenda:

- 8:30 -- Meeting Opening Moves (15 min)
- 8:45 -- LGBTQ Support Services Overview & Dimensions Introduction (15 min)
- 9:00 -- UCSF Gender Care Model Training (90 min)
- 10:30 -- Break, Racial Equity & other business

Other Logistics:

- **Location** - School Health Programs, [1515 Quintara Street, San Francisco, Ca 94116](#) (cross street is 24th ave). We will be in bungalow 8.
- **Parking** - Park in our quad area which is accessible via a small car ramp off of 24th avenue (through a large metal/mesh gate).

As we discussed in our planning call, I'm sharing:

- 3 case studies from our social workers. Please modify and add them to your presentation:

 UCSF Gender Affirmative Model

- Staff will be sitting in groups of 3-4 people and will be conducive to any pair share/small group convo activities you include

Please share with us the powerpoint at your earliest convenience. We will have it loaded and ready to present when you arrive. We can take MS Powerpoint or Google Slides.

We deeply appreciate this opportunity. We are excited to host you!

In community,

SFCSD
