Subject: URGENT CONTRIBUTION

We have a student who came to America with "Coyote" when they come illegal, they usually give them a time frame to make a payment of \$5000 dollars to those, who bring them illegal. Our student has been working extra hours to pay them and to support his family in Guatemala. Not ignoring that this kid lives here by himself and has no support from anyone. He only owes \$2000 out of the \$5000, but if he does not pay that by February 1, they will kill his family in his country. He works so hard and does not sleep trying to get that money together, but he is so stressed out. We want to reach out to everyone to ask for help. IF we can get people to donate whatever you guys can to help him out with this debt that will be great. He comes late some time because he works until late but we don't want him to drop out of school. We want to support him with anything that we can.
