Subject: RE: Reminder - URM Transgender Health ECHO Today!

Hello,

Thanks to those who joined today's session.

If you're looking for continuing education credit, don't forget to fill out the linked assessment:

Subject: Reminder - URM Transgender Health ECHO Today!

Hello!

This is a friendly reminder that the [URM Transgender Health ECHO](#) is **today** from **12pm-1pm!**

Today, you'll hear from Cheryl Martin who will be presenting on "Motivational Interviewing Techniques & Gender Affirming Care." The session format will be *slightly different* than in previous weeks. We'll begin with a case presentation and end with Cheryl's presentation.

A few updates/reminders about the URM Transgender Health ECHO:

1. Your Zoom link can be found in your **registration confirmation email**
 - Can't find your registration email? Email [@Woods, Amy A](#) who can resend (*if possible, before 11am*)
2. This series is approved for continuing education credit. At the end of class, you'll be prompted to fill out the linked survey to receive credit: [\[REDACTED\]](#)
3. Miss a class or looking to review a past session? We record the didactic portion and upload to the URM Transgender Health ECHO Box account.
 - Unfortunately, we are not approved to offer continuing education credit to those who watch classes retrospectively.

4. Want to know what we're reviewing at our next 3 sessions?
 - **May 24**—Informed Consent for Gender Affirming Medical Care
 - **June 14**—Testosterone
 - **June 28**—Androgen Blockers and Estrogen

5. We are looking for case presentations from participants. These can be any cases regarding gender affirming care that you would like to get feedback on from a multidisciplinary group in a safe and supportive environment.
 - Have a case? Please email: GenderPatientSupport@urmc.rochester.edu

Best,
ECHO HUB team
