Background:

The Essex Westford School District approaches equity through recognizing and **redressing** the impact of racism in the United States. This nation would not have evolved as it has without the **genocide** of the **indigenous people**, nor would the economic infrastructure exist as it does without the enslavement of native African people and their descendants. In an effort to recognize and undo the harm of centuries of **systemic inequities** and **oppression**, we begin with this lens and framework. EWSD recognizes the impact of systemic oppression of groups of people impacted by histories and current experiences of **marginalization** in addition to race including gender, abilities, and other identities. Given that identities are intersectional--meaning people have race, gender, abilities and other aspects of self, at the same time--this policy was developed to create equity in EWSD. EWSD centers equity in policy, practice and environment. EWSD is committed to ongoing education internally and with the larger communities of Essex and Westford toward the goals of this policy.

Definition of Educational Equity:

Educational **equity** occurs when all students are provided with what they need in support of their academic, social-emotional and career development. Equity recognizes that economic, social, political, and educational historical and current practices have created inequities that require explicit, intentional intervention. Equity prioritizes visibility, voice, and empowerment of people and groups who are harmed by inequitable rules and behaviors by requiring fair, respectful, and just educational systems and practices. From a data perspective, educational equity means there is no predictability of success or failure that correlates with any social or cultural factor - a child's outcomes are not predictable because of their race, ethnicity, linguistic background, economic class, religion, gender, sexual orientation, physical or cognitive ability, or any other cultural marker.

This Policy serves to meet the following goals:

- Inform curriculum decisions, including **anti-racist** education and LGBTQIA+ (lesbian, gay, bisexual, transgender, queer, intersex, and asexual, +) affirming education, and disability, cultural, ethnic, religious, multi-linguistic, and socioeconomic diversity awareness and representation for educators and their students beginning in Pre-Kindergarten.
- Redefine accountability procedures and frameworks to center transformation and redressing harm.
- Support and protect people in **underserved**, marginalized positions while in school care. c

- Ensure family engagement is inclusive and centers the needs, experiences, and decision-making (both process and content) of people from communities who are systemically and structurally oppressed within the district.
- Support and retain educators, administration, and staff from marginalized groups.
- Ensures school environments reflect, appreciate, welcome, and protect diverse personal cultural expressions and experiences, including through food, language, music, art, and clothing.
- Inform how EWSD schools celebrate and recognize cultural practices.
- Describe methods to ensure faculty/staff/administrator understanding, growth and development as anti-racist, **culturally agile**, proficient, and responsive educators to create visibility and respect for all students in their educational environments in developmentally sensitive ways.
- EWSD will apply a transparent equity process to policies, procedures and practices throughout the district in all decision making and monitoring.

Indicators for progress monitoring:

When EWSD centers equity in policy, practice and environment:

- ***Pluralistic, multicultural education begins when schooling begins.***
- The students, staff, administration, and faculty are diverse, therefore, education occurs with and from the foundational belief that equity is essential.
- Curriculum is diverse thus, responsive educators center impact on marginalized communities in curriculum selection.
- Accessibility of curriculum is a necessity for all learners, therefore, as instruction is designed, it must be designed for all students to be successful.
- Educators demonstrate cultural agility and **responsiveness**, and therefore, assignments into leadership roles are contingent upon this.
- All staff are supported through mandatory education on topics of **bias, stereotypes** and equity and therefore do not rely on students to educate them or others.
- EWSD operates from a **decolonized perspective** of the history between groups with specific attention to undoing **revisionist frameworks** that perpetuate inaccurate portrayals of people in **privileged** and **subjugated** positions.
- All students shall feel comfortable expressing their cultural heritage through food choices and other cultural and experiential markers of identity.
- Cultural humility, concepts of cultural diversity, visibility, and respect for all identities is integrated throughout both the curriculum and the year and is not limited to celebrations during particular times of the school year.
- **Affinity groups** for marginalized students and staff are part of the school structure.

- Discipline is **transformative, trauma-informed**, and driven by the need to foster student learning and development.
- Activities, services, policies, and practices are always developed and carried out by including and centering the needs and experiences of people from communities who are systemically and structurally oppressed within the district.
- Poverty is recognized as a **tool of oppression**. Educators in collaboration with administrators will demonstrate the ability to remove inequity created by poverty in the classroom.

Procedure Development:

An EWSD Equity Advisory Committee for the EWSD Equity Policy will be established to direct in the development, monitoring, and adjustment of the procedure for implementation of this policy. As **non-dominant cultural** ways of being or doing are centered in this policy, it is important that EWSD maintains consistent alignment and connection between policy and procedure. As such, an EWSD Equity Advisory Committee shall be designed, and empowered to inform administrative decision-making.

Monitoring

All elements of this policy shall be tracked and reported quarterly and provided to the board and will be shared with the community. An EWSD Equity Monitoring Report will be published annually to the EWSD community and to the Equity Advisory Committee.
