主题: RE: Greetings from YuCai Middle School, Chongqing,China

Good evening,

I just returned from San Francisco where I had the good fortune to meet President Xi and shake his hand prior to the dinner banquet in his honor last night. We also had 21 choir students from Lincoln High School sing at an APEC event this morning that was recorded for President Xi and his wife.

Thank you for starting this conversation, Professor Liu. I'll connect with our Chinese teacher at Lincoln to explore how we might participate in the Chinese Bridge Proficiency Competition in 2024.

I would love to continue the connection with Yucai that Mr. Erwin began in 2017 and continued in 2019.
