Subject: The population of Gaza is about 2 million. Nearly half are children. Millions of innocent people cannot be made to pay for Hamas' horror. Collective punishment is a war crime. So are blockades to food and water. We cannot allow dehumanization to descend

Good evening,

I know we are in a very difficult place and that we need to be more explicit in denouncing Hamas in our follow up communication. I just wanted to share this tweet, which I believe articulates well the struggle in finding the right words.

Sincerely,

Collective punishment is a war crime. So are blockades to food and water.

We cannot allow dehumanization to descend into further atrocity. <https://x.com/aoc/status/1712219281872544114?s=51>
