Hello, I hope this email finds you well. I am reaching out because the Student Coalition for Racial Justice would like to host an event focused on writing letters/mail to our representatives in favor of calling for a ceasefire in Palestine. We would like to request either stamps themselves or funding from CCE to purchase about 100 stamps. Please let me know anything I need to do to move forward with this request. Thank you so much and I look forward to hearing from you.

Sincerely,
