Hello,
Thank you for your email.
At this time, I asked that you refrain from organizing the support group as explained in your email below.
See me if you need additional information.
Thanks

"Championing LGBTQ issues in K-12 education since 1990
GLSEN works to ensure that LGBTQ students are able to learn and grow in a school environment free from bullying and harassment. Together we can transform our nation's schools into the safe and affirming environment all youth deserve."

I have already approached one of my students about beginning a support group - I told him about this website - I explained my daughter's dear dear best friend who "died" too soon. Of course it was awkward but ' ' seems to be trusting me more and when and that group in my room this morning asked for a moment of silence ... I'd like to ask THEM to do more than one moment.

May I bring that up in the near future? Mostly just with , who will immediately tell everyone what I said.
