1. Shoutout to [REDACTED] and 9th grade sponsor team and teachers for providing another amazing event on last Friday to celebrate and focus on the positive behavior of students.
2. On last week, administration met with the Student Advisory Council. The students will be kicking off several schoolwide initiatives over the next few weeks to promote a positive and inclusive schoolwide culture. The students expressed a concern with the need for understanding and sensitivity to the LGBTQ community within the school. They have requested an opportunity to enlighten the staff and students on this topic. If any knowledgeable teacher is willing to help the student team create and prepare their presentation, please let me know and I will connect you with the students.
3. [REDACTED] and the Theatre Department will be hosting the Student and Faculty Talent Showcase scheduled for December 17th. Fliers and sign-up information will go out this week. Please encourage your students to sign-up and we hope staff will participate as well!
