

## Social/Emotional Assessment of Children and Adolescents

EDP 383C – 10545

Fall 2020

Mondays 9:00am to 12:00pm

Professor: Erin M. Rodriguez, Ph.D.

Office: SZB 254E

Phone: (512) 471-0283

Email: [erodriguez@austin.utexas.edu](mailto:erodriguez@austin.utexas.edu)

Office Hours: By appointment

### Required Texts:

Whitcomb, S.A. (2018). *Behavioral, social, and emotional assessment of children and adolescents*, 5th Edition. New York: Routledge.

Other required readings are denoted by an (\*). Students will be responsible for obtaining the readings; all are available electronically through open access and/or the UT library system.

*Overview.* The objective of this course is to develop knowledge and skills in evidence-based social-emotional assessment of youth. The emphasis of the course will be on conducting and interpreting evidence-based assessments of children's social, emotional, and behavioral functioning, including the diagnosis of mental health disorders in youth. Students will gain a working knowledge of the administration, scoring, and interpretation of several of the most commonly used evidence-based measures (e.g., KSADS, ASEBA) and will increase their awareness of considerations related to working with diverse populations of youth.

*NASP Domains.* The goals of this class are consistent with the following NASP training domains:

- 2.1 - Data-Based Decision-Making and Accountability
- 2.6 – Preventive and Responsive Services
- 2.7 - Family-School Collaboration Services
- 2.8 - Diversity in Development and Learning
- 2.9 - Research and Program Evaluation
- 2.10 - Legal, Ethical, and Professional Practice

*Course structure.* Weekly course meetings will focus on discussion of selected readings from the text and peer-reviewed journals assigned for each week. Students are expected to complete the readings and come to class prepared to discuss them each week. Course meetings will also focus on discussion and interpretation of assessment data and providing recommendations for intervention. Students will have the opportunity to practice assessment techniques during and outside of class hours.

*Readings.* Weekly readings will be drawn from the course book (Whitcomb, 2018) and other relevant professional journals. Reading assignments will typically include two to four

## Social/Emotional Assessment of Children and Adolescents

EDP 383C – 10545

Fall 2020

Mondays 9:00am to 12:00pm

chapters/articles per week. **All required readings are noted on the syllabus with an (\*).** Additional relevant readings are included for your interest but are not required.

*Canvas site.* The course syllabus and other course materials are available on the Canvas website for the class.

*Grades.* Course grades will be based on:

- Class participation, including responses to weekly comprehension questions (25%)
- Class presentation on measures (25%)
- Completion of a practice KSADS semi-structured diagnostic interview (25%)
- Final paper – (25%)

**Please note:** Powerpoint presentations for in-class presentations should be uploaded by the end of the day **1 day before they are presented in class (i.e., by the end of the day on Sunday)**. All other assignments must be uploaded to Canvas by the end of the day on the due date listed. Each day an assignment is late following the due date will result in a deduction of 5 percent of the grade for that assignment. **All assignments should follow the guidelines described in the APA Style Manual – 7<sup>th</sup> Edition.**

*Assignments:*

Weekly Comprehension Questions: As part of regular class participation, students will submit their responses to a question provided by the instructor/TA regarding the readings each week. The purpose of the comprehension questions is to enhance students' understanding and critical evaluation of the weekly readings. **Responses must be submitted to Canvas at least 24 hours before the beginning of class (i.e., Sundays at 9am) to receive credit.**

Class Presentation: Students will complete a presentation to the class about a disorder-specific (e.g., ADHD, ASD, depression, anxiety) measure. Students should choose from the list of measures provided at the beginning of class, and should use the instructions and graph template provided by the instructor to describe the measure in a powerpoint presentation. **These presentations are due during Weeks 7-9 (students will sign up for a presentation date). Powerpoint presentations for in-class presentations should be uploaded by the end of the day 1 day before they are presented in class (i.e., by the end of the day on Sunday).**

Practice KSADS Diagnostic Interview: Students will administer a practice KSADS interview with the instructor, score the assessment, and write a brief (2-3 paragraph) interpretation summary. **Practice interviews must be scheduled between October 14<sup>th</sup> and November 13<sup>th</sup> and the interpretation summary must be submitted to Canvas by the end of the day on November 16<sup>th</sup>.**

## Social/Emotional Assessment of Children and Adolescents

EDP 383C – 10545

Fall 2020

Mondays 9:00am to 12:00pm

Final Assignment/Paper: Design your assessment battery (4-5 pages, double spaced). Imagine you are starting your first job as a practitioner. This could be in a school, an outpatient clinic, a private practice, or another setting in which school psychologists are employed. You have a budget of \$5000. Determine the social/emotional assessment instruments that you will purchase for your first 3 years of practice that fit within this budget. Describe why you chose these instruments. How and why is your choice of instruments similar, and different, from your current practicum placement? **This final assignment must be submitted to Canvas by the end of the day on the last day of class (December 7).**

- A** (Excellent) will be given for outstanding achievement in written work and class contributions. A student who earns an A shows consistent initiative, originality, and comprehension as evidenced by a total course point value on assignments of 93-100; A- =90-92.
- B** (Above Average) will be given for work which is of good quality, but which is either not outstanding in the above characteristics or contains some errors of comprehension as evidenced by a total course point value of 80-89. (B+=87-89; B- = 80-82)
- C** (Average) will be given for work that is of marginal quality for graduate students and/or shows significant errors of comprehension evidenced by a total course point value on assignments below 80.

### Attendance & Punctuality Policy:

Students are expected to attend and arrive on time for all classes. Attendance will be taken at each class. Please notify me in advance if you are unable to attend a class, and make arrangements to make up the work you missed. Excessive absences or lateness (i.e., more than two times over the course of the semester) will impact your class participation grade.

### *University Notices and Policies:*

**University of Texas Honor Code.** “The core values of The University of Texas at Austin are learning, discovery, freedom, leadership, individual opportunity, and responsibility. Each member of the university is expected to uphold these values through integrity, honesty, trust, fairness, and respect toward peers and community.”

**Use of E-Mail for Official Correspondence to Students.** Email is recognized as an official mode of university correspondence; therefore, you are responsible for reading your email for university and course-related information and announcements. You are responsible to keep the university informed about changes to your e-mail address. You should check your e-mail regularly to stay current with university-related communications, some of which may be time-

critical.

**Accessible, Inclusive, and Compliant Statement.** The university is committed to creating an accessible and inclusive learning environment consistent with university policy and federal and state law. Please let me know if you experience any barriers to learning so I can work with you to ensure you have equal opportunity to participate fully in this course. If you are a student with a disability, or think you may have a disability, and need accommodations please contact Services for Students with Disabilities (SSD). Please refer to SSD's website for contact and more information: <http://diversity.utexas.edu/disability/>. If you are already registered with SSD, please deliver your Accommodation Letter to me as early as possible in the semester so we can discuss your approved accommodations and needs in this course.

**Religious Holidays.** By UT Austin policy, you must notify me of your pending absence at least fourteen days prior to the date of observance of a religious holy day. If you must miss class, an examination, a work assignment, or a project in order to observe a religious holy day, you will be given an opportunity to complete the missed work within a reasonable time after the absence.

**Class Recordings.** Class recordings are reserved only for students in this class for educational purposes and are protected under FERPA. The recordings should not be shared outside the class in any form. Violation of this restriction by a student could lead to Student Misconduct proceedings.

**Resources for Learning & Life at UT Austin.** The University of Texas has numerous resources for students to provide assistance and support for your learning:

- Sanger Learning and Career Center: <http://lifelearning.utexas.edu/>
- Counseling & Mental Health Center: <http://cmhc.utexas.edu/>
- Student Emergency Services: <http://deanofstudents.utexas.edu/emergency/>
- **Student COVID resources:** <https://coronavirus.utexas.edu/students>
