

Prejudice and Bias

Equal Rights, Equal Respect

Choose your apprentice

- You are an entrepreneur
-
- You need to 'hire' an engineer to set up life on the moon!
- It's a big, challenging job that will make history.
- It needs the right apprentice - someone with resilience, determination, engineering expertise and great people skills!

Choose your apprentice

-
- Each time I reveal a layer of information about each apprentice, you need to 'fire' one person by removing them from your line up.
- **Who will you 'fire' and 'hire'?**

Who was your choice?

- What choice did you make?
- Are you pleased with your hired apprentice?
- Would you have made a different decision if you had the qualifications information first?
- What is wrong with judging people with such little information?
- What do you think influenced your decisions?
- Do you think people often judge people like this in our everyday life?
- What could be the consequences of pre-judging people?

Stereotypes, Bias and prejudice

- How would you define or explain stereotypes, bias and prejudice?

Stereotypes: thinking all people who belong to a certain group are the same and labelling them, for example all young people who wear hoodies are thugs.

Prejudice: judging someone without knowing them, on the basis of what they look like or what group they belong to, for example all black people are good dancers.

BIAS: prejudice in favor of or against one thing, person, or group compared with another, usually in a way considered to be unfair.
