Hi there,

Thank you again for your interest in participating in the From Gaza to Oakland Teach-In on Dec 6! We are following up with a few more things as requested.

From 10:15 to 11:00am on Wed, Dec 6, we'll be live-streaming a panel discussion with Bay Area activists. The event will be oriented toward students in grades 6-12, but could work for upper elementary students who have been discussing the topic in class and have some familiarity. It will be in webinar mode to make sure it stays secure but students will be able to submit questions.

Please take a look at the documents before and plan on having a discussion with your students sometime before Wednesday at 10:15 so that they have context for understanding the panel discussion. It's important that students know that the panel presents SOME perspectives on the Palestinian liberation struggle as it relates to the Bay Area, and that there are many other perspectives to study and explore. This is just a bite-sized exposure and should by no means be introduced as comprehensive or definitive.
