Hi [REDACTED], Thanks for responding (btw I was also in the SF demo today)! At exactly the same time all Gaza hospitals are being destroyed!  
It's ok to share my phone number with any teachers you might think would be interested in our proposal.  
Keep in touch

Hi [REDACTED]  
Just marched in SF today! I no longer work at the high school level and now work online. Glad you are organizing for Gaza, but I don't have a classroom available.

Hi [REDACTED], This is [REDACTED], from Revolution Books, hoping to reconnect (used to have your number but lost it over the years since George Floyd)!  
Anyway, we have a youth group, the Revcom corp; and I'd like to propose a few of them could visit one of your classes with an overall topic of what a rare time we are facing in the year 2024....from Gaza to the elections etc. Not suggesting a lecture, but more of a back and forth guided by you.  
Hoping to do this before March 1.... but whatever is ok for you. I know we're different organization, but always considered BAMN as friends.  
Enjoy the day off!
