

Process for Student Name/Pronoun Updates

Of note:

- A student can decline contacting guardian(s), but we encourage notification from BHS as best practice whenever possible. If the student does not want guardians to know of name and/or pronoun changes under any circumstances, we may coordinate informal support instead of record updates.
- Students have the right to have their name and pronouns updated within all of our internal platforms and for all staff to respect and honor those choices. However, the student's legal records (all state records, medical records, IEP/504 documents and official transcript) will reflect the student's legal name and sex. This reflects state law and is non-negotiable.
- For all referrals and any questions, please contact:

Dana Carver-Bialer, DEIB Coordinator
992-5596 / dcarverbialer@bangorschools.net
Office: Bangor High School (in the administrative wing)
