

TJPF & International Partnerships

Ameson Foundation

- Contract expires December 31, 2018
- Left for TJPF to fulfill:
 - Send 1 TJ Faculty/Staff member to China for a 5-day working trip. They have requested Jared Seyler (IBET Technology teacher). They would like a visit during the last week of July/first week of August 2018. This visit would focus on teacher training. (*Jared Seyler has not yet been approached by the TJPF about this request.)
 - Host Ameson team of 5-6 people at TJ for a week-long visit. The visit would most likely be split between visiting classes and gathering information/answers through meetings with faculty/staff members. This visit would likely occur in the Fall.

Tsinghua University High School

清華大學附屬中學
TSINGHUA UNIVERSITY HIGH SCHOOL

- Contract expires December 31, 2018
- The TJPF needs to send 2 educators to China for a 5-day long working visit. The requested dates for a visit are July 14-Aug 26, 2018. They would like educators to teach a summer week-long class, as they did during 2017. Shawn Stickler has requested to return and is available during the time period.

Shirble

- Collaboration is set to begin soon, perhaps as early as Summer 2018
- Contract expires September 30, 2030

TJ Faculty hosting visitors in classrooms

Leading to the International Partners visits, all teachers whose classrooms will be visited are asked for permission by the TJPF. During the 2017-18 school year, the following teachers all hosted visitors during their classes or spoke to them during a meeting, and made a point to also speak with the visitors and answer quick questions.
