Subject: Re: 回复 : your trip to China

Hallo Evan,

I just discussed with my colleagues after my last e-mail just sent, they agree with your suggestion.

They suggested that it might be better if we can send few team members of Jinan Thomas School to TJ, rather than we invite other two persons to visit us, besides you, at this moment.

Our team members need to see, feel and touch TJ, which should be much more fruitful, and better than just see PPT and hear presentation.

What do you think?

If you agree, I will have Steve to pause the arrangement for Pam and the other, just focus on make arrangement for you.

All the best!

Sean
