#### Policy 103: Discrimination and Harassment Based on Sex Prohibited Status: ADOPTED

Original Adopted Date: 08/17/2020 | Last Revised Date: 02/20/2023 | Last Reviewed Date: 02/20/2023

In accordance with <u>Title IX of the Education Amendments Act of 1972</u>, the College Community School District prohibits sex discrimination, including sexual harassment as defined by the regulations implementing Title IX (34 C.F.R. § 106.30), against any individual participating in any education program or activity of the District. This prohibition on discrimination applies to students, employees, and applicants for employment.

The Board authorizes the Superintendent to adopt procedures for any individual to report sexual harassment to the District's Title IX Coordinator, for the provision of supportive measures to anyone who has been subjected to sexual harassment whether or not they proceed with a formal complaint under those procedures, and for the investigation and resolution of such complaints, as required by Title IX. This Title IX grievance process shall be used to respond to all complaints of sexual harassment that fall within the scope of Title IX. For complaints of sexual harassment that do not fall within the scope of Title IX, the District may still offer supportive measures to the target of such conduct and shall apply any other policy or procedure applicable to the alleged conduct.

Any individual with questions about the District's Title IX policy and procedures, or who would like to make a report or file a formal complaint of sex discrimination or sexual harassment may contact the District's designated Title Coordinator, Laura Medberry, College Community Schools, 401 76<sup>th</sup> Avenue SW, Cedar Rapids, IA 52404, (319) 848-5200 or via email at Imedberry@crprairie.org.

Retaliation includes threats, coercion, discrimination, intimidation, reprisals, and/or adverse actions related to employment or education. Any individual who believes they have been retaliated against in violation of this Policy should immediately contact the District's Title IX Coordinator.

#### Policy 104: Anti-Bullying / Anti-Harassment

Status: ADOPTED

Original Adopted Date: 10/19/2015 | Last Revised Date: 08/21/2023 | Last Reviewed Date: 08/21/2023

Harassment and bullying of students, employees, and volunteers is against federal, state and local policy, and are not tolerated by the Board. The Board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the Board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment, as well as processes and procedures to address incidents of bullying and harassment. Bullying and harassment of students by other students, by school employees, and by volunteers who have direct contact with students will not be tolerated in the school or school district.

This policy is in effect while students, employees, and volunteers are on school grounds, school district property, or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses, vehicles or chartered buses; while engaged in school activities; and while away from school grounds if the misconduct materially interferes with the good order, efficient management and welfare of the school district.

If, after an investigation, a student is found to be in violation of this policy, the student shall be disciplined by appropriate measures, which may include suspension or expulsion. If after an investigation, a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination. If, after an investigation, a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures, which may include exclusion from school grounds. "Volunteer" means an individual who has regular, significant contact with students.

For purposes of this policy, harassment and bullying mean any electronic, written, verbal, or physical act or conduct toward an individual which is based on any actual or perceived trait or characteristic of the individual and which creates an objectively hostile school environment that meets one or more of the following conditions:

- Places the individual in reasonable fear of harm to the individual's person or property;
- Has a substantially detrimental effect on the individual's physical or mental health;
- Has the effect of substantially interfering with the individual's academic or career performance; or
- Has the effect of substantially interfering with the individual's ability to participate in or benefit from the services, activities, or privileges provided by a school.

"Electronic" means any communication involving the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means. "Electronic" includes but is not limited to communication via electronic mail, internet-based communications, pager service, cell phones, electronic text messaging or similar technologies.

The Board prohibits harassment, bullying, hazing, or any other victimization of students, based on any of the

following, including, but is not limited to, actual or perceived traits or characteristics, including but not limited to age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. Harassment against employees based upon the employee's age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status. Harassment against employees based upon the employee's age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status is also prohibited.

Workplace bullying / harassment refers to unreasonable conduct by an individual (or a group) directed towards an employee (or group of employees), which is intended to intimidate, degrade, humiliate, or undermine; or which creates a risk to the health or safety of the employee(s).

Workplace bullying often involves an abuse or misuse of power. Bullying behavior creates feelings of defenselessness and injustice in the target and undermines an individual's right to dignity at work.

"Tough" or "demanding" bosses are not necessarily bullies as long as they are respectful and fair and their primary motivation is to obtain the best performance by setting high yet reasonable expectations for working safely. Workplace bullying can be investigated by the employee's immediate supervisor, Executive Director of Human Resources and Equity or his / her designated investigator.

Employees who believe they have suffered harassment may file a complaint with the Superintendent, Executive Director of Human Resources and Equity (or, if both the Superintendent and Executive Director of Human Resources and Equity are a party to the complaint, then a complaint may be filed with the CFO). The Superintendent or designee, is responsible for implementation of this policy and all accompanying procedures. Complaints shall be investigated and remain confidential to the extent reasonably possible. Within 24 hours of receiving a report that a student may have been the victim of conduct that constitutes bullying and / or harassment, the district will notify the parent or legal guardian of the student. The district will take action to halt any harassment and will take other appropriate corrective actions to remedy all violations of this policy.

If, as a result of viewing surveillance system data or based on a report from a school district employee, the district determines that a student has suffered bullying or harassment by another student enrolled in the district; a parent or legal guardian of the student may enroll the student in another attendance center within the district that offers classes as the student's grade level, subject to the requirements and limitations established in Iowa law related to this topic.

Any person who promptly, reasonably, and in good faith reports an incident of bullying or harassment under this policy to a school official, shall be immune from civil or criminal liability relating to such report and to the person's participation in any administrative, judicial, or other proceeding relating to the report. Individuals who knowingly file a false complaint may be subject to appropriate disciplinary action.

The school or school district will promptly and reasonably investigate allegations of bullying or harassment.

Retaliation against any person, because the person has filed a bullying or harassment complaint or assisted or participated in a harassment investigation or proceeding, is also prohibited. Individuals who knowingly file false harassment complaints and any person who gives false statements in an investigation shall be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy shall be subject to measures up to, and

including, suspension and expulsion. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds. It is the responsibility of the Superintendent or designee, in conjunction with the investigator(s) and principals, to develop procedures regarding this policy. The Superintendent or designee and district administrative staff are responsible for organizing training programs for students, school officials, faculty, staff, and volunteers who have direct contact with students. The training will include how to recognize harassment and what to do in case a student is harassed. It will also include proven effective harassment prevention strategies. The Superintendent or designee and district administrative staff will also develop a process for evaluating the effectiveness of the policy in reducing bullying and harassment in the school district.

The Board will annually publish this policy. The policy may be publicized by the following means:

- Inclusion in the student handbook,
- Inclusion in the employee handbook,
- Inclusion in the registration materials,
- Inclusion on the school or school district's website,

A copy shall be made to any person at the central administrative office at 401 76th Ave SW, Cedar Rapids, Iowa.

It is the goal of the Board to develop a healthy social, intellectual, emotional, and physical self-concept in the students enrolled in the school district. Each student attending school will have the opportunity to use its education program and services as a means for self-improvement and individual growth. In so doing, the students are expected to conduct themselves in a manner that assures each student the same educational opportunity.

The District does not discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. The belief in equal educational opportunity serves as a guide for the Board and employees in making decisions relating to school district facilities, employment, selection of educational materials, equipment, curriculum, and regulations affecting students. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact Jeri Moritz, Executive Director of Human Resources and Equity, 401 76<sup>th</sup> Avenue SW, Cedar Rapids, Iowa 52404, (319) 848-5200, jmoritz@crprairie.org.

The Board requires all persons, agencies, vendors, contractors and other persons and organizations doing business with or performing services for the school district to subscribe to all applicable federal and state laws, executive orders, rules and regulations pertaining to contract compliance and equal opportunity. Inquiries regarding compliance with equal educational opportunity laws and policies and affirmative action laws and policies, including, but not limited to complaints of discrimination, shall be directed to Jeri Moritz, Executive Director of Human Resources and Equity, College Community School District, 401 76<sup>th</sup> Avenue SW, Cedar Rapids, Iowa 52404, (319) 848-5200, jmoritz@crprairie.org . #### Regulation 105-R(1): Equal Educational Opportunity - Grievance Procedure

Original Adopted Date: 10/19/2015 | Last Revised Date: 02/20/2023 | Last Reviewed Date: 02/20/2023

It is the policy of the College Community School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact Jeri Moritz, Executive Director of Human Resources and Equity 401 76th Ave SW, Cedar Rapids, IA 52404 Contact phone: 319-848-5246

Students, parents of students, employees, and applicants for employment in the school district have the right to file a formal complaint alleging discrimination. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedure is not a prerequisite to the pursuit of other remedies. Please note that informal processes and procedures are not to be used in certain circumstances (e.g., sexual harassment and sexual assault).

#### Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with the Equity Coordinator(s). An alternate will be designated in the event it is claimed that the Equity Coordinator or Superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 30 of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The equity coordinator(s) shall assist the Complainant as needed.

#### Investigation

Within 15 working days, the Equity Coordinator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation (hereinafter "Equity Coordinator"). The District may appoint a third-party neutral investigator with expertise in the field of equity as the "Equity Coordinator" for any complaint. If the Complainant is under 18 years of age, the Equity Coordinator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

• A request for the Complainant to provide a written statement regarding the nature of the complaint;

- A request for the individual named in the complaint to provide a written statement;
- A request for witnesses identified during the course of the investigation to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;
- An opportunity to present witnesses or other relevant information; and
- Review and collection of documentation or information deemed relevant to the investigation.

Within 40 working days, the Equity Coordinator shall complete the investigation and issue a report with respect to the findings.

The Equity Coordinator shall notify the Complainant and Respondent of the decision within 5 working days of completing the written report. Notification shall be by U.S. mail, first class or certified first class.

#### Decision and Appeal

The complaint is closed after the Equity Coordinator has issued the report, unless within 10 working days after the decision has been sent, either party appeals the decision to the Superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The Equity Coordinator shall promptly forward all materials relative to the complaint and appeal to the Superintendent. Within 20 working days, the Superintendent shall affirm, reverse, amend the decision, or direct the Equity Coordinator to gather additional information. The Superintendent shall notify the Complainant, Respondent, and the Equity Coordinator of the decision within 5 working days of the decision. Notification shall be by U.S. mail, first class or certified first class.

The decision of the Superintendent shall be final.

If the district hires a third party neutral investigator with expertise in the field of equity, the complaint is closed and final with the findings of this professional. An appeal process is open to any complaints conducted internally using district staff as the Equity Coordinator/Investigator.

The decision of the Superintendent in no way prejudices a party from seeking redress through state or federal agencies as provided by law.

This policy and procedures are to be used for complaints of discrimination, in lieu of any other general complaint policies or procedures that may be available.

## II. Administrative Statement

The College Community School District has developed and maintained a written Affirmative Action Program (AAP). The purpose of this affirmative action plan is to reaffirm College Communities commitment to equal employment opportunity and affirmative action. The College Community School District views staff diversity as an asset with many benefits in the classroom. The AAP was developed to assist the agency's efforts to:

- 1. Hire the best and most qualified candidates for all positions within the qualifying labor market.
- 2. Identify job position categories where there is underrepresentation in racial ethnic groups, women, men and/or persons with disabilities.
- 3. Actively work to overcome the effects of past or present practices, policies, or other barriers to equal employment opportunity.

The Affirmative Action Coordinator, Jeri Moritz, Executive Director of HR and Equity, supports the affirmative action program and urges each staff member to commit to carrying out the intent of the adopted policies. The Affirmative Action Coordinator is responsible for implementing this plan. This includes but is not limited to, annually distributing the plan to employees in the hiring or management of personnel, making the plan available to other employees and the public upon request, planning for the staff development of all staff who hire or supervise personnel on the principles of equal employment opportunity and the implementation of this plan.

## IV. Quantitative Analysis

A quantitative analysis is an observable analysis that provides an agency with data they need to determine if under representation exists in staffing. The analysis does this by comparing the relevant labor market to the staffing demographics provided in the workforce analysis. Disparities are identified where staffing demographics do not accurately reflect the relevant labor market. With this data, the agency can determine numerical goals for future hiring.

The workforce analysis shows the racial and gender composition of the District's staff. The workforce analysis is a necessary first step for determining where underrepresentation exists and for establishing numerical goals.

#### Cedar Rapids Metro Area Labor Statistics 5-Year Estimate:
