Thank you Sahar- this is excellent.

I am sharing this pedagogical project which includes a 20-minute film, four teaching guides, and a bibliography of 110 entries on Gaza that we made in the aftermath of the 2014 offensive. It debunks the talking points about Hamas and rehabilitates the systematic warfare against Gaza within a settler colonial framework. I hope that this can be useful.

Dear Colleagues,

The one-sided message from our President completely disregards Israeli war crimes against Palestinian civilians in Gaza and makes clear that Palestinian lives (and by extension Muslim and Arab lives) are not valued at this university. Holloway's "Beloved Community" does not extend to our Palestinian students, faculty and staff.

In the deluge of pro-Israel analysis and anti-Palestinian propaganda in Western media, there is dire need for education about the experiences and voices of Palestinians. The Center for Security, Race and Rights is available to provide a Teach In on Gaza to students, faculty, and staff at Rutgers University. Inquiries of interest should be sent to csrr@law.rutgers.edu

Please distribute the attached flyer widely.
