# Proposed Partnership for Silver Valley Unified School District

## Panorama Proposal:

Panorama for Feedback Surveys & Student Success is your all-in-one solution to:

- Hear from and understand your community with research-backed student, family, and staff surveys customized to measure your priorities
- Use the lived experiences of your community to inform strategic planning and [LCAP](#)
- Equip school and district leaders with student, family, and staff feedback to create a school climate that boosts student outcomes
- Drive individualized student and staff supports based on self-perceptions of strengths as learners and educators
- Streamline academic, attendance, behavior, and social-emotional learning data to be all in one place, providing a whole-child view of each student on a user-friendly platform
- Utilize early warning indicators to proactively identify students in need of additional support
- Support students by creating, tracking, and progress monitoring interventions
- Measure student growth and the efficacy of interventions
- Proactively support behavior
- Measure social-emotional learning

## **Panorama for Student Success:**

- Family Surveys
- Teacher and Staff Surveys
- Student Climate and SEL Surveys
- Check-Ins
- Student Success, MTSS Platform
- Behavior Logging
- Playbook
- Training and Professional Development

Research into teaching effectiveness and school climate shows that **student voice** plays a powerful role in helping schools and districts **create engaging educational experiences**. Panorama provides districts with a [best-in-class](#), customizable survey instrument that shows substantial evidence of reliability and validity. Over 15 Million students nationwide take Panorama surveys, helping their districts to design effective teaching practices and build more engaging learning environments.

[Panorama's SEL Survey](#) was developed in partnership with Dr. Hunter Gehlbach and the Harvard Graduate School of Education. We developed our student surveys using a rigorous six-step design process that builds reliability and validity into them from the beginning (Gehlbach & Brinkworth, 2011; see also Artino, La Rochelle, DeZee, & Gehlbach, 2014). We analyzed data from millions of students in thousands of K-12 schools across the U.S to demonstrate the psychometric strength of our surveys.

**Hunter Gehlbach, PhD**  
*Senior Research Advisor  
Panorama Education*

*Professor and Vice-Dean of  
Johns Hopkins School of  
Education*

Specifically, findings showed that:

1. Almost all students answered all of the questions in a topic. Even for the topic with the lowest completion rate, 93.3% of respondents answered every question, suggesting that non-response bias is not an issue for our survey results.
2. Our survey topics exhibit strong reliability by exceeding the conventional thresholds of internal consistency.
3. Our topics demonstrate strong structural validity, meaning that the items making up each topic do indeed belong together as part of a single construct.
4. Our topics evidence both convergent and discriminant validity in that they show higher correlations with theoretically related constructs and lower correlations with theoretically unrelated constructs.

This report ([Reliability and Validity of Panorama's Survey Topics for Students: 2020 Update](#)) provides psychometric evidence for the reliability and validity of our student topics. Panorama's surveys therefore offer schools and districts a research-backed means for measuring the social-emotional learning and school climate variables that undergird child development and academic growth.

# Panorama Student Success

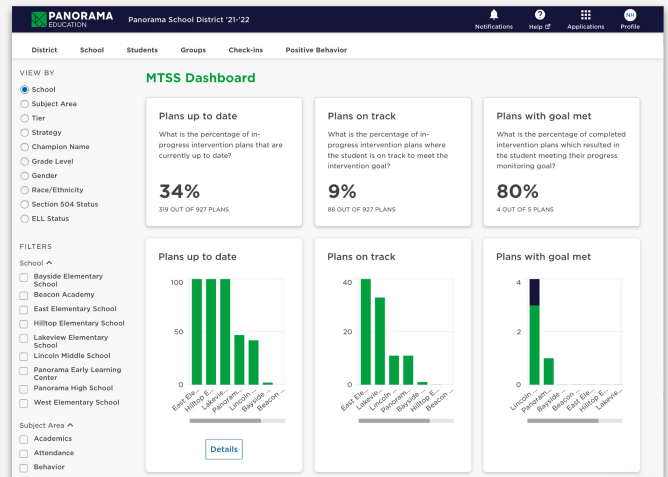

## Work with the most up-to-date, comprehensive student data

- Daily syncs with SIS, assessment, and behavior systems
- Assessment integrations that matters most to you at no additional cost.
- Bring together academic, attendance, behavior, and SEL data on a single platform

## Understand your MTSS strengths and areas for support

- Easy-to-understand dashboards to assess impact and fidelity of your MTSS
- Full historical records for every student, including transfer students

## Make data-informed decisions on MTSS resourcing to optimize student supports

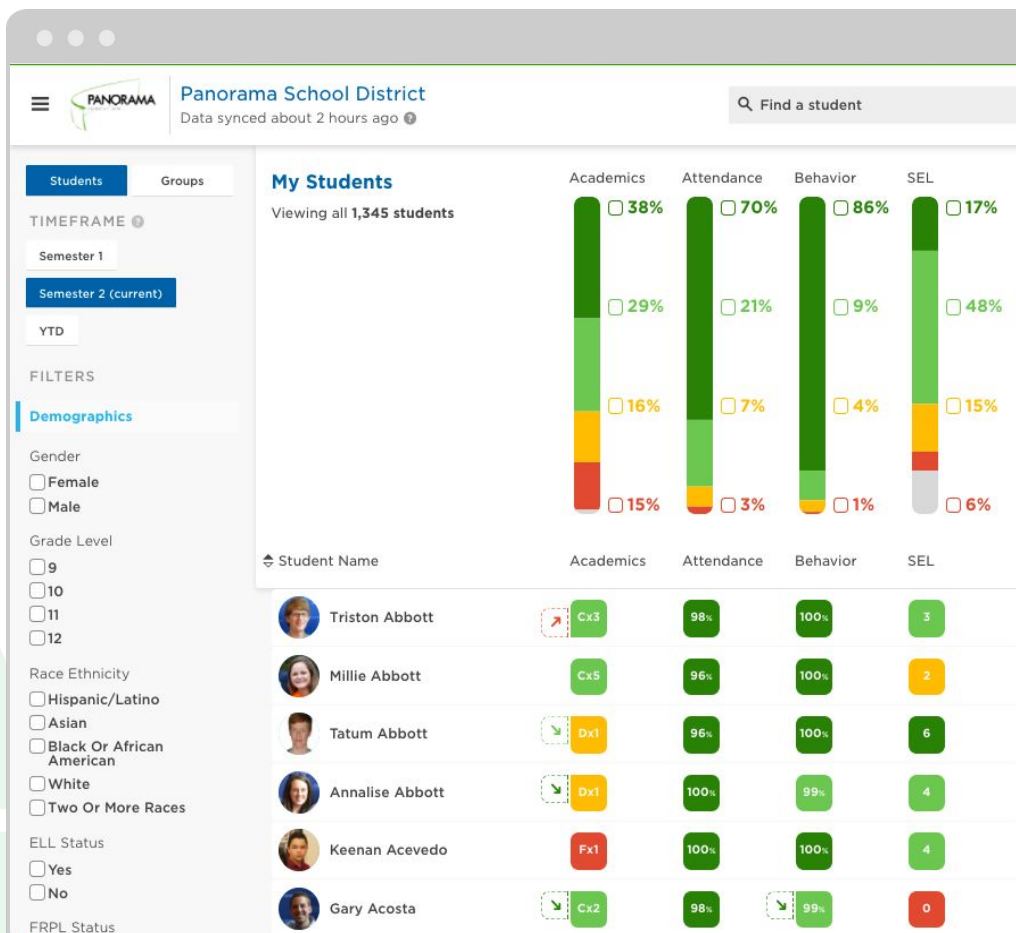

- Time-saving tools to invest in strategies that strengthen Tier 1 supports and targeted, individualized interventions
- District-approved, research-based intervention recommendations to drive student outcomes
- Real-time intervention and progress monitoring tools to measure how students are responding to plans

# Panorama Student Success

**Track the Whole School's Progress:** See progress data across academics, attendance, behavior, and social-emotional learning for all students in a unified dashboard. Indicators are updated daily, so educators are never more than one click away from the most up-to-date student progress data, ensuring that preventative steps can be taken the day a student slips off track.

**Analyze Attendance Trends:** School administrators receive a daily snapshot of attendance data, including frequently/recently absent students. Users can click on a specific day to view in-depth metrics, or look at other key metrics like 30-day rolling average attendance.

**Explore Trends by Custom Groupings:** Educators can build “Smart Groups” that filter students across demographics (i.e. 9th Grade Boys), at-risk indicators (i.e. Students with more than 1 F), intervention membership (i.e. Students Receiving Tier 3 Behavior Supports) and more.

## School-Wide Indicators

Monitor school-wide trends in academics, attendance, behavior, and SEL. Sort by students who are at risk or those on track in each area.

## Custom Filters

Filter roster by students' demographic information, or upload custom filters such as mobility, program participation, counselor assignment, and more.

## Student Trends

See a list of students' recent changes for each indicator and click in to view their full Student Profile to identify what's causing certain patterns.

# Panorama Student Success

**Keep Each Student On-Track:** Dig deep on a student's holistic progress by exploring academic, attendance, and data for each student. Educators will also have access to benchmark and formative assessment data, as well as standards-based grading.

**Create Support Plans and Track Effectiveness:** Educators will see former and current intervention enrollment for each student. They will also be able to select from intervention menus to create support plans tailored to each student's unique needs, as well as track the efficacy of those interventions.

**Real-time progress monitoring:** Using the Supports and Interventions tool within Student Success, educators, school and district leaders can create an intervention and monitor progress with data across groups of students.

The screenshot displays the Panorama Student Success interface, which is divided into several sections:

- Top Navigation:** Includes a search bar for finding a student, a dropdown for the current school (Panorama School District), and tabs for District, School, Students, and Groups.
- Student Profile (Brian Liburd):** Displays personal information (Cohort 2019, Gender Male, 504 Plan No, Counselor Hancock, Anahi, IEP Status Has IEP), academic data (LEP Status LEP, FRPL Status Not Eligible, Grade Level 10th grade, Date of Birth Jul 27, 2001, Sender School Wallace), and demographic data (Race Ethnicity 1 Hispanic/Latino, Health Condition No, Transfer Student No, Stateid 356958023, Personid 22182, Studentnumber 112160). It also shows a "Critical" alert: "Brian's lowest grade in Semester 2 (current) is an F or worse." and a progress bar for SEL (Semester 1: 2, Semester 2: 0).
- Create a support:** A sidebar with options like "2x10 relationship building", "Phone call home", "Homework club", "Organization session", "Buddy student", "Classroom observation", and "Check-in / check-out".
- Create an Intervention:** A form to create a new intervention. It includes fields for Subject (Literacy, Math, Behavior, Attendance, SEL), Literacy Interventions (Lexia Reading Core5, FAST CBMreading), Created by (Sarah Robinson), Supporting Staff (Roger Zhu), Duration (Oct 22, 2018 to Nov 26, 2018), and Frequency (Weekly). A green arrow points from the "Add a note" field to the "Support team notes" section.
- Supports and Interventions:** A section showing progress for 4 students (Shirley Cobb, Melody Buccin, Giovanni Borsos, Huang Bello) over a 6-week period. It includes a "Summary of progress" table and a "Support team notes" section.

# Panorama Behavior Logging

## Flexible desktop behavior incident logging

- Log major and minor behavior incidents necessary for team problem-solving
- Customize major incident details to include perceived motivation as well as incident antecedent and consequence
- Nightly exports of major incidents are available to manually upload into your SIS

## Make data-informed decisions to strengthen your MTSS programs

- See all of your school or district's behavior data in one place
- Filter by specific incident attributes to inform both systemic action and individual/group student intervention
- Rely on powerful visualizations for Big 5 trends, major and minor incident rates, and more

# Exclusive for Panorama Partners: Playbook

## A Library of Academic, Behavioral and SEL Intervention Strategies

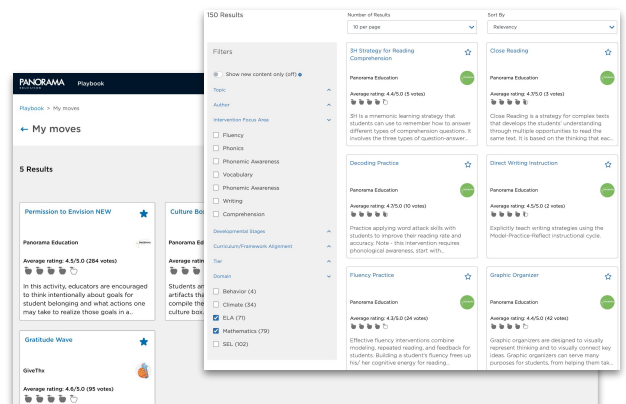

Playbook provides educators **700+ research-based interventions** for students. It is designed based on educator feedback and user testing to ensure it makes the process of learning about how to deliver intervention strategies efficient and easy.

Explore **80+ behavior interventions** and narrow your focus by using Playbook's search bar and filters. Educators can filter by tier, developmental stage, framework alignment, and more!

This carefully **curates your library of interventions** and build educator capacity to approach behavioral supports through an asset-based lens.

Educators can explore **100+ academic ELA and Math interventions**. Save strategies to curate your go-to list of tried and true interventions focused on fluency, comprehension, computation, problem-solving, phonics, writing, and more. Educators benefit from easy-to-follow instructions to ensure interventions are carried out with fidelity.

# Professional Learning with Panorama: *Exceptional Learning Experiences*

At Panorama, we believe that **data is only as valuable as it is actionable**. Our professional learning experiences ensure that educators not only understand their data, but are equipped and inspired to take timely, supportive actions.

We take pride in building high-quality learning experiences that are grounded in adult learning theory, research, and best practices.

In collaboration with our school and district partners, we develop professional learning plans that drive investment and that move educators across the district into action as a united team.

## About the Panorama Teaching & Learning Team

At our core, we are a team of educators. Each of our facilitators started their career directly serving students as teachers, counselors, and interventionists.

Together, our team of over 30 accomplished educators has decades of combined experience, including in school and district leadership, special education, system improvement, MTSS, data-driven instruction, and curriculum development.

Panorama's Teaching & Learning Team has trained

**75,000+**

school and district administrators, teachers, and counselors.

On average, educators rate their Panorama learning experiences as

**over 90% favorable**

compared to other professional development.

What you can expect from a partnership with the Panorama Teaching & Learning Team

- A learning plan aligned to your district or school's unique needs and context.
- Relevant and inspiring learning experiences featuring data insights that lead to action.
- A student-, family-, and community-first approach to data inquiry.

# Panorama for Student Success

Student Success is a tool that our teachers and interventionists use as a one-stop shop for data on academics, attendance, behavior, and SEL, as well as visibility into our district benchmarks and state assessments. It's been a great tool for our MTSS implementation."

→ Hear from **Mehlville School District (MO)**

Our partnership with Panorama has helped us reduce feelings of frustration and being overwhelmed as we work to implement our vision for the whole child and MTSS."
