

BRING MELT THE HEAT THE ICE!

Support the Melt the ICE Week of Action

A broad coalition of anti-ICE activists have are asking people to come to the Twin Cities to support our resistance to ICE and to learn skills they can bring back to their homes to use against ICE aggression.

Our goals are to vastly increase capacity for daily rapid response and ICE-watch efforts, stage massive protests that politically and economically disrupt ICE, and to teach and replicate Minnesota's effective anti-ICE and neighborhood organizing tactics across the country.

In order to do this we need funds to provide food, housing, and training spaces.

While our elected officials pretend that the threat of ICE is over, we know the threat is not over until ICE is abolished. This week of action is centered around six demands to protect the people from ICE.
