## Student Clubs and Activities

Our school offers a wide variety of educational and fun clubs/activities in which our students can participate throughout the academic school year, during and after school. Many of our clubs are open to students from all grade levels, while others are grade-specific, content-focused, or interest-driven. Each club is designed to provide students with opportunities to socialize, collaborate, ignite their creativity and curiosity, and empower them to become strong leaders in their communities and future careers. Here is a list of our current clubs, followed by a slide presentation providing details about each club.

High School	Grade-Specific	Interest-Focused
